Just before the running of the Rosedale Stakes, for two-year-old filles, at Jamaica yesterday, Andrew Miller, acting for W. B. Leeds, president of the Rock Island railroad, purchased the filly Julia M., by Harvest—Brown Cactus, from B. C. Evans for \$6,500. Julia M. consequently ran in the name and rests of Mr. Leeds, while Cochrane, who the mount, wore the railroad magnate's dark blue, yellow sash and hoops on 'For this event, which was at five ge, Pierre Lorillard's The Lady Robesta furiones, Pierre Lorinard with Julia M., who was an s to 5 favorite, with Julia M., who was an added starter, heavily played at 2 to 1.

The time was 1:45 2-5.

"Father Bill" Daly's Ben Howard upset the calculations of the smart bettors by winning the first race, for platers, at six furions, by a length. Ben Howard, 7 to 1 shot, made all the running, and was ridden out by E. Walsh, as Clorita, the favorite, closed strongly and took the place from 'Frices Hill by a head. The second event, for three-year-old fillies, at five and a half furions, swas an exercise gallop for J. Boden's Rosetint, the 1 to 4 favorite, who had three lengths over Lady Lake at the wire. Gloriosa, second choice, was bumped by Lady Lake at the start, yet ran a good race and finished third.

The largest field of the day faced the starter in the third event, for platers, at a mile and 70 yards, fourteen bad actors being sent away to a beautiful start. BROOKLYN, 2: BOSTON (N. L.), 0. A keen pitching tussle between Schmidt of Brooklyn and Willis of Boston took place at Washington Park yesterday. The Brooklyns made three hits and the Bostons four. yet the Brooklyns won the game and shut out the visitors. Long hits won the game for the Brooklyns, in the fourth inning, after Householder had been passed to first base on four bails, Dovle hit for three bases. In the eighth inning, after Ritter had singled, Strang hit for two bases, scoring Ritter. That was all the scoring there was, and the pitching was so efficient that it was a rarity for men to get on bases. The fielding was exceptionally clean, the only error of the day being a miscue by Flood.

PHILADELPHIA, April 29.—Up to the ninth inning to day the Philadelphias did not have a look in in the final game with the New Yorkers. Tannehil's pitching was a shade too complex for the champions, who made but four singles up to the eighth inning, and of the four only two were of the real almon-pure blows-in-the-bottle variety. In the meanwhile the visitors were having things pretty much their own way with Hender, if was not that the latter was hit so hard, for he was not, barring the sixth inning, but everything broke right for the batemen. When the champions went in to take their section of the ninth inning they had falled to score, while Griffith's men had rolled up five runs. Hefore they were retired they had rolled up four runs and given their opponents quite a scare. Attendance, 8,390.

On account of the Garden City Golf Club tournament, which begins this morning, the Handicap Committee of the Metropolitan Golf Association will bring out the general list to-day, one day shead of the scheduled time. It is the most important general handicap of the season, not only because it has been compiled and revised annually since 1890, but also because it is really a national guide to playing class, for through their membership in Metropolitan Golf Association clubs there are representative players handicapped on the list from every corner of the United States. This year, for the first time, the handicapping was based on the par score of each course. Although five clubs did not send in their players, there are 1,080 on the list, an increase of 83 over last year. All not mentioned on the list may claim a rating of eighteen.

GREATER NEW YORKS OPENING. President Johnson Will Throw Out New Ball at 8:30 o'Clock.

President Johnson Will Threw Cut New Ball at \$200 c'Clock.

The New York American League baseball team will open the home championship season in this city to-day at the new grounds, at Broadway and 165th street. Owing to the great amount of blasting and filling in necessary to get a level-playing surface, it has been found impossible to complete the park in every detail, but the management says there will be seating accommodation for nearly 16,000 spectators, with standing room for as many more. The grand stand, which will ultimately be a double-decker, is without a roof just at present, but it contains 5,000 new folding chairs and standing room for 2,000 more along the board pro menade in the rear. If the right-field bleachers are ready, and work upon them will continue until the last moment, they will seat 5,000 more, which gives the new park the largest seating capacity of all ball clubs in America.

After the ireater New Yorks go West, still another bleacher, in deep rightfield, will be put up to accommodate 23c, patrons. But to-day the latter will have a space roped off for them in control field, there being a special gate for them in 168th street, off Broadway. The main entrance to the park is at 168th street and Broadway. The outfield will be roped off so that probably 15,000 persons will be able to see the game standing up. In anticipation of a record-breaking crowd, the management has arranged to have 100 policemen on the grounds.

The season will be opened with the usual ceremonies. The stands will be decorated, there will be a parade of the ireater New Yorks and the Washingtons before the game, and the Sixty-ninth Regiment will furnish music. Ban Johnson, president of the American League, will be on hand and will throw the first ball to the umpire at 3:30 o'clock sharp. The management has made arrangements with the Metropolitan Street Railway to provide accommodations. Both the Sixth and Third avenue surface roads will find cars on the siding at 125th street, which go within one block of the park. Th
